## detail

RW Joinery is one of the largest doorset manufacturers and installers in England. The business operates out of a 24,000sq ft workshop. We are not reliant on third parties for quality and delivery issues.

Our workshop has the capacity to manufacture 500 purpose made veneered, laminated or primed doorsets per week with a lead time of as little as two weeks.

We are certified to manufacture doorsets under the BM TRADA Q-Mark Fire Doorset accreditation scheme to produce acoustic and fire doorsets in a wide variety of specifications and finishes.

We have manufactured, supplied and installed doorsets on projects ranging from £50,000 to over £2million.
